CLINICIAN & OFFICER RESPONSE TEAM

The Johns Creek Police Department is home to a specialized unit known as C.O.R.T., which consists of a clinician (LPC) and two officers. Our team responds exclusively to behavioral health-related crises. We also provide mental health follow-up referrals for individuals and families.

OUR CO-RESPONDER MODEL

C.O.R.T. is requested as a 'secondary response' after a scene is rendered safe. We collaborate closely to assess and address an individual's unique needs, whether that involves a referral for services, coordinating with natural supports, or, in more urgent cases, arranging transportation for treatment. With a broad range of specialized skills and crisis response capabilities, C.O.R.T. is dedicated to supporting the diverse community of Johns Creek.

Our Community. Our Commitment.
Making a Difference.
